

Lab sheet 5.3: If Blocks

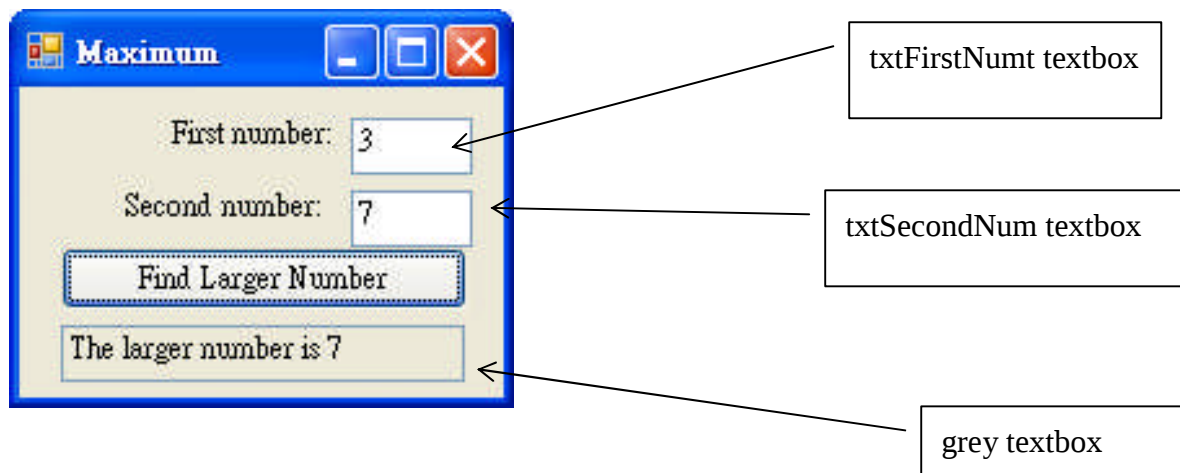

A. Find the larger number

Instructions:

Textbook Chapter 5, page 432-433

Requirement:

1. Enter the first number in the txtFirstNum textbox.
2. Enter the second number in the txtSecondNum textbox.
3. Click the “Find Larger Number” button.
4. The result is displayed in the grey textbox.

B. Profit or Loss

Instructions:

Textbook Chapter 5, page 433-434

Requirement:

1. Enter the costs in the txtCosts textbox.
2. Enter the revenue in the txtRev textbox.
3. Click the “Show Financial Staus” button.
4. The result is displayed in the grey textbox.

The screenshot shows a Windows-style application window titled "Profit/Loss". Inside the window, there are two input fields: "Costs:" with the value "9500" and "Revenue:" with the value "8000". Below these is a button labeled "Show Financial Staus". At the bottom of the window, a grey text area displays "Loss is HK\$1,500.00". Three external boxes with arrows point to the window: "txtCosts textbox" points to the "Costs:" input field, "txtRev textbox" points to the "Revenue:" input field, and "grey textbox" points to the bottom display area.

Field	Value
Costs	9500
Revenue	8000
Result	Loss is HK\$1,500.00
